

Building Strong Families for Kentucky

..... in Marshall County

Vicki Wynn, County Extension Agent,
 Family and Consumer Sciences

Family and Consumer Sciences Extension is committed to improving the quality of life for individuals and families in Marshall County resulting in strong families for Kentucky. Educational programs focus on:

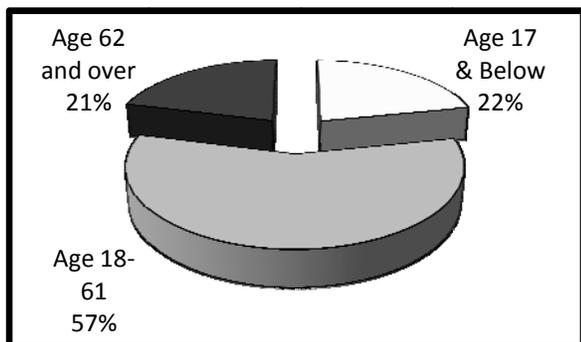

- Making Beneficial Lifestyle Choices***
- Nurturing Families***
- Embracing Life as You Age***
- Securing Financial Stability***
- Promoting Healthy Homes and Communities***
- Accessing Nutritious Food***
- Empowering Community Leaders***

Family and Consumer Sciences Extension made **14,665** contacts with Marshall County families during 2007-2008.¹

Our People

The 2000 U.S. Census reported total population as **30,125**.² The graph below indicates the percentage by age group.

Figure 1. Population by Age Group² (n=30,125)

Spotlight on . . .

Accessing Nutritious Food

The Marshall County Cooperative Extension Service and Kentucky Food Stamp program are working together in the “Let's Get Foodwise” program. The program teaches nutrition and economics to food stamp recipients and eligible audiences. Programs were presented to parents during Head Start orientation. Almost 200 families received information on how to shop wisely and follow a food budget. Estimated annual savings to program participants is \$1,050 per family.¹

Our Families

Using data from the 2000 U.S. Census, Marshall County families can be described as follows:²

- **9,031** families reside in the county.
- **593 families (6.6%)** live below poverty level.
- Median family income is **\$43,670**.
- **282** grandparents are responsible for the care of their grandchildren.

According to the Kentucky Cabinet for Health and Family Services, **3,381** people in Marshall County receive food stamps. The average family food stamp benefit is **\$204.82** per month.³

In the county, **124** children live in out-of-home care.⁴ In 2004, there were **33** incidents of adult abuse and **64** incidents of child abuse.⁵

As a result of participation in Marshall County Extension programs:¹

- **184** people increased their knowledge and skills related to parenting and personal relationships.
- **86** adult, dependent, and child care providers increased their care giving knowledge.
- **280** people used safe practices to store, handle, and prepare food.
- **464** food stamp eligible or recipient families consumed more fruits and vegetables daily.

Our Community

Unemployment rates are a key economic indicator. In September 2008, the rate of unemployment in Marshall County was **6%**. This represented a **9%** increase from the September 2007 level of **5.5%**.⁶

Mortgage and bank card delinquency rates and foreclosure filings are important financial indicators of community well-being. In Marshall County, **0.99%** of mortgages are 90-days delinquent and 60-day bank card delinquency rates have increased by **41%**.⁷ In a six-month period (May through October 2008), **67** foreclosures were filed.⁸

Access to health insurance is another important factor contributing to family well-being. In Marshall County, **11%** of the people under age 65 are uninsured.⁹

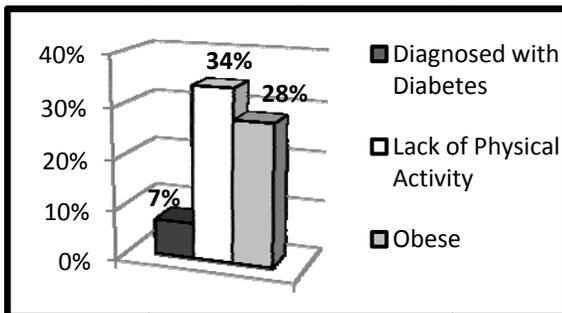

As a result of participation in Marshall County Extension programs:¹

- **224** adults or youth improved their ability to make informed and effective decisions.
- **75** adults and youth utilized improved communication, problem solving, and group process skills to address community needs.
- **66** people adopted money management practices to reduce debt and/or increase savings.

Our Health

The health of our people contributes to quality of life. The chart below illustrates health risks of adults in Marshall County.

Figure 2. Health Risks.⁹

As a result of participation in Marshall County Extension programs:¹

- **231** people increased their use of radon testers, smoke detectors, fire extinguishers, and other devices to ensure personal safety.
- **160** people made lifestyle changes to improve physical health.
- **112** people implemented new practices to maintain their health and well-being.
