Building Strong Families FOR KENTUCKY 2016

OUR FOCUS

Family and Consumer Sciences (FCS) Extension is committed to improving the health and well-being of individuals and families in Christian County. To help Kentuckians strengthen their financial, physical, and social well-being, our educational programs focus on:

- **Making Healthy Lifestyle Choices** that influence health and well-being
- **Nurturing Families** as they cope with fewer resources and more demands
- **Embracing Life as We Age** to live independently longer
- **Securing Financial Stability** in a turbulent economic period
- **Promoting Healthy Homes and Communities** that recycle, reduce waste, and protect our environment
- **Accessing Nutritious Food** that is affordable, available, and safe
- **Empowering Community Leaders** as we all work to sustain and improve our communities

In 2014-2015, Family and Consumer Sciences Extension made **14,927** contacts with Christian County individuals and families.¹

OUR PEOPLE

SPOTLIGHT ON...

MYPLATE STEERS KIDS TO BETTER EATING

According to Kentucky Health Facts, 71% of adults in Christian County are overweight and only 17% eat the recommended amount of fruits and vegetables. Habits formed early in life impact behaviors as a person ages. To address these issues, the Christian County FCS agent taught MyPlate the Kentucky Way to seventh graders at North Drive Middle School. The students learned the importance of eating a well-balanced diet. Evaluation results showed that 80% of students were more knowledgeable about how to build healthy eating patterns and 81% planned to change their eating patterns, including eating more fruits and vegetables.
